He expected his orders to be executed in the Hoover building just as they had been on the battlefield. This seems to me a mistake both as a matter of fact and as a matter of tactics.

Equilibrium is a physical state in which forces and changes occur in opposite and off-setting directions: for example, opposite forces are of the same magnitude, or off-setting changes occur at equal rates. Saying too much would give the story away, so I'll sum up my review like this: John Lester returns home after many years, a home he hates.
